

The South Lawn Medical Practice News

March 2021

E-Consultations

The practice is now offering eConsult as an alternative method of contact. Next time you need advice, a GP letter sick note then please do try eConsult.

Log onto our website (www.slmp.co.uk) and fill out the eConsult form and we will get back to you within 48 working hours, this may be longer for administrative requests,

GET READY TO STOP SMOKING!

Wednesday 10th March is National Stop Smoking Day.

Every year, more than a million people manage to quit smoking on No Smoking Day. If you are serious about giving up this year, ask at Reception or ring our appointments line on 01392 281100 to book a consultation with a Nurse shortly before the date you wish to give up. Nurses can help you decide on a Nicotine Replacement Therapy to suit you. If you'd like group support, try the NHS Stop Smoking Service on 0800 169 0 169.

If you have already managed to quit successfully then do let us know so we can update your medical records.

GOOD LUCK!

Partnership Update

Dr Andrew Harrison will be retiring as a partner with The South Lawn Medical Practice from 31 March this year.

We are pleased to have recruited a new partner, Dr Lucy Spriggs, who will be taking over his list of patients. We are sure she will provide you with excellent care over the coming years.

Dr Spriggs trained to be a doctor in the South West and has spent the last few years working as a GP for a practice in Crediton.

She lives locally in Exeter with her husband and two boys and is looking forward to getting to know patients and their families in her new role as a GP partner.

Please note the practice will not be accepting any requests to change to a different GP for the next 6 months to allow Dr Spriggs the opportunity to settle in and familiarise herself with the patient list.
